Cassia House – residential care

WHAT IS RESIDENTIAL CARE?

Residential care involves the provision of full-time aged care or temporary respite facilities and services,

including accommodation, nursing care and lifestyle programs.

WHAT IS CASSIA HOUSE?

Set well off the main road in Doncaster, Cassia House sits in a quiet location with picturesque views of the surrounding area.

Cassia House accommodates 90 residents across 3 units, in single or shared rooms, all of which have an en-suite.

There are also a limited number of respite places available to eligible residents who may need to spend only a short time in care.

Cassia House has many small lounge, dining areas and courtyards. There is a home theatre that is a great spot for watching old movies.

Cassia House has an impressive entrance plaza, which is the central hub of the facility. With various services operating from Cassia House and many visitors, the plaza provides a great place to relax and catch up with friends and relatives over a coffee from the Cafe.

We also offer our residents support socially, physically and culturally. A diverse range of activities and outings helps residents remain engaged and stimulated.

WHO IS ELIGIBLE FOR RESIDENTIAL CARE?

Residential care in Cassia House is available to a person if:

- they have physical, medical, social or psychological needs that means they need care; and
- their needs cannot be met more appropriately through non-residential care services; and
- they have been assessed as having a condition of frailty or disability requiring continuing personal care, and assessed as being incapable of living in the community without support
