

MannaCare

WIDER CHOICES FOR OLDER PEOPLE

More choices for everyone

MannaCare assists older people in Manningham and adjoining communities to sustain and reinforce their independence, social relationships, personal wellbeing and community interaction.

Providing a comprehensive and integrated range of community and residential support services for over 30 years, MannaCare continues to offer more choices for more people.

When it comes to living independently for longer, MannaCare provides a comprehensive range of community services and home care packages to support older people in their own homes. From home maintenance and assistance with everyday tasks, to daily programs run at the MannaCare centre and a variety of respite options, we offer much more to meet individual needs.

Residential aged care is available at Doncaster Melaleuca Lodge and Cassia House catering for wide levels of care in one place, and giving those who need it the security of ageing in place. Nutritious meals are cooked onsite and our lifestyle program enables residents to maintain social and community connections.

All our services are staffed by highly experienced and dedicated nurses, personal carers and support workers, together with the involvement of a large team of volunteers.

As an independent, not-for-profit organisation, with a passionate Board that donates its services pro bono, MannaCare is generously supported by the community on all levels.

This enables continued re-investment to provide the vital work of our staff and excellent facilities well into the future.

MannaCare is the community and residential care organisation operating in Manningham with the widest range of services to support older people.
