

More choices in residential care

MannaCare
WIDER CHOICES FOR OLDER PEOPLE

MannaCare caters
for wide levels of
care on the one site
in Doncaster.

Residential care just the way you want it

MannaCare is a community care and residential aged care organisation in Manningham with the widest range of services to support older people.

With a comprehensive and integrated range of services, MannaCare caters for wide levels of care on the one site, which provides those who are in need, the security of 'ageing in place'.

MannaCare has residential aged care available at Doncaster Melaleuca Lodge and Cassia House. These facilities provide exceptional individualised support services for people requiring full-time aged care or temporary respite care.

Staffed by qualified, experienced and dedicated nurses, personal carers and support workers, MannaCare Residential Care also has a large team of volunteers to enhance care for residents and clients, and provide a wonderful link to the community.

Our schedule of visiting health professionals includes general practitioners, pharmacists, speech pathologists, podiatrists, a dietician, an audiologist and a dentist.

MannaCare also offers a range of additional personalised services and social, physical and cultural support for residents.

A diverse range of lifestyle activities and outings helps residents remain engaged and stimulated.

DONCASTER MELALEUCA LODGE

Enjoying beautiful panoramic views to the surrounding leafy suburbs and distant Kinglake National Park, Doncaster Melaleuca Lodge, or “The Lodge” as it is commonly referred to, is a relaxed residential care home.

Residents can move outside and enjoy the landscaped gardens, using a long flat walking path.

The Lodge accommodates 60 residents in single rooms with private ensuities and offers both permanent and short term respite care.

It has several dining rooms, a coffee club operated by volunteers and multiple large and small lounges.

CASSIA HOUSE

Set well off Manningham Road, Cassia House sits in a quiet central location with picturesque views of the surrounding area.

Accommodating 90 residents across three units, this home provides single rooms with ensuities.

The impressive entrance plaza is the central hub of Cassia House, a great place to relax and catch up with friends or relatives over a coffee from our cafe.

Cassia House is a warm, homely environment where residents can feel at ease while benefitting from 24-hour onsite registered nurses.

REQUIREMENTS FOR ADMISSION TO MANNACARE RESIDENTIAL CARE

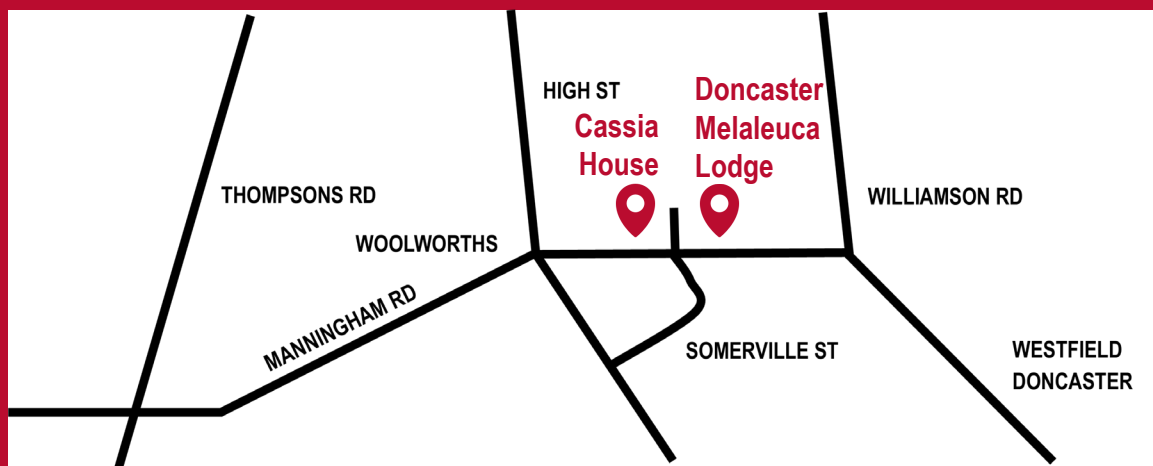

At MannaCare, we are here to help you navigate through the complexities of Residential Care admission.

An Aged Care Assessment is completed by an Aged Care Assessment Service (ACAS) representative. This will provide you with approval to access the services available through Commonwealth funded and regulated Residential Aged care, such as permanent and respite care.

Generally, Centrelink will conduct an assessment of your income and assets. This will determine how much you may be asked by your service provider to contribute to the cost of your care.

Priority of entry is given by MannaCare to those who have lived in the City of Manningham, have family living in the area or who have some other close connection with the municipality.

Applications may also be considered from older people from other areas.
