

**MannaCare**  
WIDER CHOICES FOR OLDER PEOPLE

## More choices for everyone

We are a not-for-profit, community-based aged care organisation primarily focused on serving people living in the municipality of Manningham in Melbourne.

For over 30 years, we have been proudly providing more choices for older people to the local Manningham community and surrounding areas.

Our purpose is to support older people in sustaining their independence, maintaining social connections, and enhancing their overall well-being through our wide range of services. We do this by helping them either remain in their homes with a range of support to suit their needs or by providing temporary and residential care.

At the heart of everything we do is care and compassion. We build trust through meaningful relationships with our valued clients, residents, families, and the community.

Guided by our core values of respect, empathy, integrity, and trust, we take pride in delivering our services with the highest standards of professionalism.

**Whether you or your loved one is looking for some help at home, a tailored exercise program to keep you active, some home modifications to keep you safe at home, a place to connect with others or permanent care, we can care for you on your journey.**

### Community Services

- Home Care Packages
- Flexicare In-Home Services – personal care and domestic assistance
- Home Maintenance
- Community Respite
- Social Support Groups and activities
- Allied Health Services
- Rehabilitation, GymActive, and POWER Cancer programs.

### Residential Care

We offer all levels of care at one site through:

- Doncaster Melaleuca Lodge
- Cassia House

Our homes provide a safe, nurturing, and compassionate environment, placing the highest importance on the care, dignity, and respect of our residents. We have a diverse range of activities, meals and beautiful gardens for our residents, families and care teams to enjoy.

**We look forward to welcoming you to our family and community.**
